

GORRERI REMOTE ASSISTANCE SERVICES. ALWAYS BESIDE OUR CUSTOMERS

Gorreri Company reduces distances and improves remote assistance services for commissioning and technical operations.

Due to COVID-19 difficulties in travelling and due to safety restrictions, we decided **to improve our remote technical assistance to grant service and to reinsure customers that they can always count on our support.**

In this delicate moment that we are living in, Industries worldwide need safety and this is the reason why **Gorreri developed different Assistance Packs to help and proceed side by side with customers in all technical operations which can be remotely managed.**

Furthermore **we decided to simplify the flow of instructions and operations by using photos and video tutorials,** so that customers and line operators can easily manage any situation.

GORRERI REMOTELY BESIDE YOU
